1. the interaction or cooperation of two or more organizations, substances, or other agents to produce a combined effect greater than the sum of their separate effects.

If you're looking for ways to engage your child in new and exciting experiences this fall, you've got to check out EducationWorks' Synergy program.

This fall's theme is Synergy. Kids imagine, collaborate, explore and create, all while learning super cool skills that will help them in school and in life.

EducationWorks' fall programs are designed to be fun and interactive.

All of our programs have group dynamics, so your child can bring his or her friends – or make new ones!
